

Evaluation criteria:

The applications will be reviewed and approved by the STSM Training Committee. Early Stage Researchers (ESR) (preferentially a PHD with less than 8 years PostDoc experience but also PhD students) and/or Short STSMs (3-4 weeks) will be given preference in the approval.

Applications will be evaluated according to the following criteria:

- relevance for Action
- scientific quality
- Importance for society
- benefit from/ necessity of stay at host institution
- balanced distribution between Working Groups
- regional spread
- respecting the Gender balance

Maximum Granted is 2500 € per STSM application

Final decisions on the approval of the STSM applications will be made one month after each submission, at the latest.
